

Under 11m (M)EWP operator

For industry & Government **initial or refresher**

This course is applicable to personnel who are required to work from or use EWP's with a reach capacity of under 11m, for a range of workplace tasks, or for those required to supervise or manage others working from, or using, under 11m EWP's in the workplace.

This course addresses planning, risk management, routine safety & operational checks and breakdown and emergency response for using under 11m EWP's and associated safety equipment.

Training is contextualised for your company or Government agency operations and covers all information typically provided in the EWPA "Yellow Card" training, as well as your P&P and WHS requirements.

This is a competency-based industry training course which may provide PCBU's and principal contractors with evidence of meeting parts of their general duty to ensure the workplace health and safety of themselves, workers, and other persons. This duty includes ensuring any person using an under 11m EWP is deemed competent through provision of sufficient information, instruction & training.

The skills taught and assessed in this course are applied in accordance with Commonwealth and State/Territory legislation & guidance, Australian/New Zealand standards and industry codes of practice.

Competency based training and assessment

This course is delivered and assessed on behalf of Heightsafe Solutions.

Call 1300 556 732 | training@heightsafesolutions.com.au | www.heightsafesolutions.com.au

What happens at the course?

Learning Activities

Delivery of course information and learning activities.

Assessment Activities

Assessments conducted during face-to-face training session(s) include:

Performance Tasks – Prepare for, undertake & complete work from under 11m EWP

- 🔍 Identifies under 11m EWP type & plans work for appropriate EWP type used
- 🔍 Identify hazards relating to use of EWP types, scissor, vertical, self-propelled, truck or trailer mount
- 🔍 Apply risk controls for identified hazards for EWP type use
- 🔍 Identify procedures, signs and documents: compliance plates, placards, logbooks for EWP use
- 🔍 Identify site emergency response plan & external emergency services
- 🔍 Identify breakdown response & emergency procedures
- 🔍 Conduct start up and shut down procedures
- 🔍 Operate appropriate EWP type & respond to breakdown
- 🔍 Use correct communication protocols before, during and after operations
- 🔍 Recognise appropriate EWP type care, use & maintenance actions
- 🔍 Demonstrate appropriate situational awareness during operations

Documentation – The student must complete all documentation according to the required standard:

- PPE inspection task sheet
- EWP type operational checklist task sheet
- Review and sign on to SWMS for training activity / EWP operation

Theory assessment - There is a written theory assessment for this course.

Other evidence collection – Heightsafe Solutions trainer / assessor will complete an observation checklist detailing the required performance outcome for each student. We collect video and picture evidence of task completions which are stored securely with the training records of that session. Please let us know beforehand if there may be security or personal issues with us collecting this type of evidence.

Flexible Delivery - Course content and practical exercises may be modified to best reflect current work environment, equipment used, safety documentation and personal learning preferences.
